

Take the next step – Leaders of tomorrow

Learn how to take on leadership responsibility in globally active companies

 **GUTENBERG**
SCHOOL OF BUSINESS

MBA Master of Business Administration
at the GSB Mainz

Kushagra Sharma, MBA

The MBA Program at GSB Mainz has helped me expand my horizons to a multiple-perspective mindset. GSB's collaborations with renowned corporations and outstanding partner Universities abroad have made my experience worthwhile. As the faculty members are vastly experienced & active in the real world, the transition from academic to practical knowledge is smooth. That, combined with students from various professional backgrounds sitting in one cohort, helps me apply the learnings at my Full-time job with a different approach. The Management at GSB has also done a commendable job in transitioning to digital infrastructure, making it flexible & interactive for students while maintaining the highest learning standards. The high learning qualifications, creative methods of delivery, and involvement of real-life cases in the classroom enhance my professional development.
